---

*The majority of these interviews with the philosophical German barber and his lively assistant have appeared in the New York "Sun," mainly in its Sunday editions, during the past eight months; a few of the shorter ones appear here for the first time. The first one ever published was that obtained on the hottest day in 1882, and headed in this collection, "Ninety-nine in the Shade." That formed a portion of a longer article. The one that really led the series was that now entitled, "The Secret of Happy Wedded Life."*

VON of der richest of my feefteen cent gusdimers has peen to me gomblaining apowd der hart dimes der rich are enchoying choost now. "Vell," I hat sayt, "der more indelligence der beeples got, der more vill dem obchect to rich beeples haffing any more buplic brivileges as der boor, und der more vill dem dry to gif all hants a fair shance. But der vay it is now, alretty, der rich can shtand a heap of letchislation und downtrodding pefore I vill felt like giffing 'em my symbathy—unless dem veel like burchasing symbathy of me at der highest market brices. In such a gase like dot—as der money rolled in und I mineselluf got rich, I probably vould pegin to a virst glass ardicle haf on hant. Dot's a pully obbordunity for some poor tevvil of a millionaire."

## HIS BROTHER'S PROSPECTS.

---

MINE bro-der vich choost from Chermany game, goes right away in peeze, yet alretty."

"What business?"

Der whole gundry is growded by young vellers vich are all going to pe Wanderpilts der-morrow right away—and all sbending vot dey got in parrooms und such dings all der vile.

"But my bro-der, he vill choost his goat hang up und his sleefes roll off, und vork away like a sdeam enchine, und in dwendy year he vill been so rich as a house afire."

---

## AN OPINION OF THE PENAL CODE.

WOOD you dempt me to gommit a grime for fifdeen cents  
—or for ten cents, mitout pay rum?

"Vell, my boverdy boddere me more as my honesdy. I vill do it, but I cannot drust you not to invorm agensd me—because it is der rule py der shop not to drust.

"Now my vrend, you vos porn by America, und I been an American citizen. Ve oughder veel broud of dot. Here ve pe mit de door polted und parred, mit the vinder plinds trawn town, und mit der gas purning by der taylight. Der achent uf der society vich idself vorks on Sunday to keep der rest der people from vorking is shpying at ter door. Der boleese are rushing der sdreed along mit barpers, krocers, und putchers py der nape der neck, und vill dem all lock up py der chails. Der leedle newspoys peen vrightened out of deir lifes. Und here ve are drempling like bickbockets for fear ve peen arrestet. Now led us dry dot pootivul hymn to rememper:

My coundry dis uf dee,  
Sveet lant uf liperty.

"I can get a nutshell insite der whole dings. Der benal gode been in der inderest uf golt water. Vell, I peen in favor of larker peer; ven haf effer you heert of larker peer doing such dam-itches vot der water in der Rhine riffer done last veek in Europe?

"Der parber py der next shair, vich is dot veller vot grazy chokes got vere oughder peen his prains, he got himzelluf off von vunny dings. He treamed he tied, he sayt, und vent to heffen; und shtanding per gate aroud vos a big growd of beeples. Some of dem his vrends peen. Den gomes St. Beder oud. 'So hellup me crashus!' he hat sayt, 'vy how vos dees? Here comes every tay a barty of New Yorgers. I neffer haf some New Yorgers zeen pefore.'

"'I vill choost dell you aboud dot,' one of dem vellers hat sayt; 've used to pe like der rest der vorld, but now ve got to gome here by der law.'

"Py shimminy hooky, dot parber a fool of himself makes mit zuch a chokes like dot."

## AMERICA AND EUROPE CONTRASTED.

---

I USED to dink I vood go pack to Chermanny, but sinz der election I dink I vill zettle down und do der rest of my peer trinking und shafing mit der Yankees. By chiminy hookey! how mat dem Reublicans been! Dey gan't sit still to got shafed. Dey zay ve haf mit ter tevil gone, und ve vill haf noding but Pill Tweeds und such dings for Bresidents after dis. Vot do I say? I choost keep my moud shut und say 'yah, yah.' But I dink de oder side of my moud. I dink it vos pully, und ven I git a Temograt by der shop all alone I choost vant to shake hands mit him, und send out for peer, and shafe him free gracious for nodings.

"I am a Tutchman und poor like der tickens, but I don't vos a fool. I see in *Harper's Weekly* bictures effery veek how der Republicans been a pig elephant und der Demograts been a leedle chack tonkey. Vell, next veek dem bicture vellers haf got to saw off some of dem elephant's lecks. Ain't it?

"My vrend, choost begause I am liffig a cellar inside, don'd you dink I can'd see der moon. Europe is like a shop full of bianos, und der kings blay der moosic, but in dis guntry der beoble blay der biano, und ven dey touch der keys der boliticians bop up und down like dem dings in der bowels of a biano. Der beoble hit all der keys at vonce last Duesday. By hookey! der Yankees blay bopular moosic on der biano vonce effery fife or sex years.

"Der parber by der next shair vich ort to pe a nigger tancer begause of his chokes, he dold me yesterday dot der Reublicans been so vond of imbroving riffers and harbors, dey got a chance now to imbrove Salt Creek. Dot feller is dwice too awfully cholly. He makes me laugh till I got a stomach ache by my head."

---

## WHY DO BARBERS TALK SO MUCH?

**D**OT vos all humbucks. Der barbers don't dalk much. Dem dalk choost enough. Pefore I vos a barber und got rich und gondented like I been now, I vos der whole vorld all ofer, und verever I vent der barbers had der same consdidushun of demselves. Dem all der dime dalked I found me out how dot vos since I been der peezeness inside. There must been choost so und so much dalk, und ven der gustomer is being shafed und has mit soapsuds his mout full, den der barber dalks dwice so much, vonce for himself und vonce for der gustomer.

"Parbers are choost like der rest der beeples. I find dis out when I cut about parbers' dings der newsbabers out. Py hookey, I vos bretty near drowned mit so many dings. I haf von of dem dings by my head. It vos about a barber shop vich had a eading houses unternead in Baris, und der two vorked together by demselves. Der vay it got out vos dis vay: Von dime a soldier und his sweetheart vent together mit each oder. Der soldier dolt der girl to vait py der eading houses vile he got shafed. Den der parber cut his throat. Der girl vos buzzled ven she ran agross von of his buttons by his goat, but ven she had vound his zuspenders vich she herzelf had made, by hookey, she vent und gomblained of der bolice.

"Der parber py der next shair vich all der vile foolishness makes, he says he had heard of a man vich used to go in der parber shops and say: 'You speak English here?' If der parber had said 'Yes,' dot man vent right avay out, but if der parber said 'No,' he vould make bantomime motions of his hands that he vould like to been shafed.

"Dot feller zomedimes makes me zick mit laughing. He says if a dalkative gustomer vos getting shafed, und der parber vos vorking on his chin, und der dalking makes der chin go up and down, der parber must dake der vords out of his mouth, oder-vise he vill been cut."

## NINETY-NINE IN THE SHADE!

**T**HE bakers, shoemakers, upholsterers, tinkers, laundrymen and cooks came up from the cellars and sat on top steps, all looking worn and hollow-eyed and hot.

All except one, a barber in Fourth avenue, not far from the Cooper Union; and he was cool, dry, and bright-eyed, with only an intimation of beer in his breath and an occasional inartistic slap from his lather brush to show that, however he tried to hide it, the weather bothered him a trifle.

"Dot vos a funny guntry," said he, referring to the United States. "Der beeples are grazy about der vedder. I dink it don't vos more as dree weeks ago ven effery von of my gustimers he comes in mit his hands his pockets in, buffing and plowing, und he says, 'Py chiminy! Heinrich, vot's der metter py der vedder? It pin gold like Gristmas der whole year round, und a man has got ter spend all he can save puying ofercoats and dings. I dink

if it keeps on a long vile dis vill bin der end py der verld.' Der parber py der next shair—you know der feller—he's all der dime funny like a monkey mit his chokes and humbucks—he got himself off a pully choke by von of dem kickers. I gried mit laughing. He says to dem fellers, 'May be you petter go und make someding out py Sullivan, der prize fighter, ain't it? He'll make you gry your face around der udder side uf your mout.'

"Vell, now, choost look at der beeble. Dey are all grazy 'bout der heat. 'Py krashus, Heinrich,' dem zay to me, 'vot der tevvil's up py der vedder? Has der sun pought a house py Harlem for der summer? Do you dink if der sun vent out and fell in der ocean der city vood get cool in den years? Hurry up, right away; shafe me vonce ofer und let me dake der next shteamboat by Goney Island.' Py hookey, dot parber py der next shair he dold me der beeples all been going to strike for more money on account dey put all der vages in lager beer. Dot vos a choke he made up for fun. But der beeble all peen grazy."

"You know vot I do? I let alone der whole pizness. If it vos hot like a house afire, I don't say a vord. I make out I vos some oder blace, and I shafe away und neffer get oxcited. Py and py, some day, it vos gool again, and den der oder fellers kicks about dot, but I yooost keep on shafing and shafing, und I don't say noddings all der vile."

---

## THE SHIRT COLLAR OF TO-DAY.

---

**V**ELL, Mr. Beders, shall I shafe your neck, or vill you choost a hair cut haf? If you vant dot gollar shafed more bedher you let a Chineese parber do 'em mit a vashpoard und soap. If you your neck vant shafed, blease go owid in der sdreed, vere dere is blenty room, und dook dot gollar off. You can pring it pack around your vaist like a Sevend Retchimend vaistpand. A parber don't vant to glimb ofer such a dings like a dief mit a garden fence, to get at a chendleman's neck. Vy do beeples such a gollar vear, alretty? Der man vich has got in der vorld der biggest gollar has got only a bosition in der Assemply."

---

## A QUARREL WITH A CUSTOMER.

---

WHY don't you fix up your shop in modern style?" the reporter asked.

"Oh!" exclaimed the barber, his eyes gleaming angrily, "dot's der question, is it? Vy I ton't make out of my shop a balace, eh? Vot's der metter py you? Ain'd der dowels glean? Ain'd der razors no goot? Ain'd der zoap chenuine? Or do you dink I been gray and ought to vent py a lunnydic asylum so soon as der bresent oxcitemend dies oud und der asylums sdart up again?"

"Do you vish to haf a gromo mit your shafe, or how would you like to haf your shafe done up in a pundle und zent around py a nicker vaiter mit your house? I dink you been choost zuch anuder vool like der parber by der negst shair. I mean der veller vich got in his het so meny chokes all der vile he don't got for prains any room. He wanted to know vy I don't git anudder parber, steady, der whole veek. By chiminy hooky, dot mate me mat!"

"Dot's so," I said; "den you and him can, ven I vent py my tinner oud, lock der door und blay benuckle or leaf von py der shop vile der udder von goes oud und mashes der vimmen by der sdreet."

"He said something funny, didn't he?"

"Vell, dot don't metter vot he said. He's gray. He said he vos vrightened, und dot if he hat my disbosition he vood lock himselluf up in a room und shcare himselluf to death."

---

I haf von ding daken nodice of: a choke vill draffel around like a fife-tollar pill, und if a man has blendy of goot nadure he has a fortune got alretty. Choost der zame, if you vish to gif away goot atvice, no-poddy vants any of it blain py itselluf—but smuckle it some foolishness insite und nodice how der beepel vill chump after it.

---

## ANOTHER QUARREL.

---

**D**ER day back of yesterday comes in der shop a veller vich I dink dot reborter been vich makes about me voolishness py der newsbabers.

“ ‘Vot you dink py der pootivul shnow?’ he set.

“ ‘Such a newsbaber choke like dot mate me veel bositif apout it.

“ ‘I don’t dink apout anydinks,’ I hat set. ‘I choost shafe—dot’s all.’

“ ‘Dis peen der negst to der last dime I come here,’ dot veller set. ‘Dis dime I got shafed, und der negst dime if you don’d dreat me like a chentlemen I’ll knock your nose der back of your het aroud.’

“ ‘He vos such a sort uf a vire eader I choost keeb quied efder dot. Ven he vent away I dolt de parber by der negst shair dot he vos a reporder, but he ton’d catch me dis dime alretty. There comes in a young veller vich heert vot I hat set.

“ ‘Dot ton’d peen no reborder,’ der young veller set. ‘Dot vos Ma-chor Hackerdy, der A-zemplymen.’

“ ‘Vell,’ I set, ‘if he peen a A-zemplymen, he vos no goot, anyhow.’”

---

## POLITICS HERE AND ABROAD.

---

**I** SUPPOSE noddings could more surbrising peen to a Unided Sdades bolidician as der fact vot Gambetta tied a boor man. Dem dink he could not peen a druly crate patriot. By chiminy hooky! dink of it—if he vos in America und had gondrol of der gundry, und der beeples should dink he vos a leedle Chorge Vashington on veels, like dem did in France! he vood haf peen rich like a son of a gun mit railroad shares und boodiful houses und, in Mexico, mines—und maype he vood some coal gif away py der boor.

“ ‘You sbeak of der scandal apowd him? Dot vos nodings. Such a dings is in France der cerdificade of a man’s character.’”

---

## PEOPLE WILL GAMBLE.

---

DER dalk of der veek in my shop has peen about der gampling in Vall sdreed, und der beople peen mat apout dings town dere. Gampling ain'd zuch a pad ding all alone mit itzelluf. You dake dot pootiful game of benuckle. I haf my whole life benuckle blayed, und I neffer zeen anyding pad apoud it undil I caught von of my parbers blaying it mit money my trawer oud of. Veneffer he vood vin dot vos hees money, und veneffer he vood lose, dot vas my money. Und dot is der drouble mit Vall sdreed. So long vot dose vellers gample mit railrote sdocs dot makes nicht aus, but ven der gampling is mit preat und putter der beople got to foot der pills.

"By chiminy hooky! they got gorners in peef, gorners in iron, and in gorn and oil—der negst ding ve vill all vake up some tay und find dey got a gorner in larker peer. Den der whole guntry vill go py der tickens. Beople vill gample. Ven Adam und Efe vent py der garten of Eten, id vos an efen bet how long they vould vent midout abbles, und gampling has effer zins dot dime vent on. But der beople hat ought ter shdick to benuckle. I hear dot dere is in Vall sdreed a leedle Cherman pand. I bet you a tollar dem Chermans vill much money make. It is a rule mit der Chermans all der dime on a sure ding to bet.

"Der parber by der negst shair, vich is dot monkey veller vot makes all der vile chokes, he got himself off a vunny dings yesterday. He sayt dot 'his olt fader, more as feeften years ago, dolt him alvays to vode der Temogratie dicket und bet his money on der Rebupligan pardy. But he neffer hat thought dot was sbeculation undil der last election.'

"Somedimes I dink I sblit my sites togedder laffing at dot parber."

Von hant on a bird is more bedder as dwo hants on a bush.

HOW MUCH BARBERS HAVE TO KNOW.

---

MY vrend, it isn't nice of you to dalk about free drade and and such dings. So hellup my cracious! a parber has got to know so much vot he got all der time a hetache. Everybody's peezness der parber's peezness been, and ven der parber got such a hetache vot he could gry owid his eyes owid he must for his custimer's hetache brescribe, and for dootaches, lawsuits, vamily drubbles, and bolitics, and say vot he dinks of some new clothes, and how far it was to Scicago alretty.

"Just dink of vot I hat to dalk apoud to-day. First, vy haf der Shinees got grooked eyes; negst, der benal gode; negst, is it right to say you are owid ven you ain't owid und a tailor calls for some money? negst, vy don't vimmen long peards und Adam's abbles got? negst, a horse's head der same size a barrel of flour is. Py chiminy hookey! there comes a veller in al-ready, and says, 'Parber, how der tickens dem vellers can choost eggsackly tell ven der sun mit Venus comes togedder?'

"What did you tell that man?"

"Vy, I choost told him dot vos nodings. Any man could found dot owid in an almanac."

---

A LIE OUT OF PLACE.

---

HAF I read dot ardickle in der *Dabiet* you gafe me about infidelity? Oh, yah! Vot I dink of 'em? Vell, dot vos a grade biddy. I read him shlow und gareful, und I vos feeling gwide elewated und relitchious, ven right away by der bottom of der ardicle vos a leedle dings vich sayt how some batent meticine vould make soft und clossy hair out of a pald head crow in two weeks. Such a fearful lie like dot should not peen brinted on top of der pottom of a relitchious ardickle. Id shboils der previous arkument."

---

## THE MONKEY BARBER AND THE BREWER'S DAUGHTER.

**D**OT monkey parber by the negst shair he veels plue like der tickens. He blayed on me once doo often a choke. You see, he from the same Cherman willage comes mit a rich prewer by der city. He dolt me he vos going der prewer's taughter to marry. He sayt he vent by der prewer und sayt: 'I hear you are goin' to gif away a hundert tousand dollars mit your taughter?' 'Yah,' sayt the prewer. 'Vell,' der parber says he sayt, 'I vill dook her off your hands for dwenty tousand tollars.' Der parber says der prewer vos vell pleased mit dot. Der parber dolt me he vood make of my shop

a balace so soon he got marrit. Vell, he got for dree weeks effery afternoon off to go und see der prewer's taughter. Yesterday he vent off to see his girl, und py-und-py I vent der sdreet agross to get some peer. By cracious! der parber vos blaying pilliards for der drinks. 'Ha! ha!' I sayt, 'dis vos der prewer's taughter, ain'd id? You peen a nice son of a guns. I got a tousand minds to dis-sharge you.' Dot's vot I tolt him. I vos so mat I could bunch myzelluf uf der nose."

"What did he say?"

"He sayt he vos surbrised I couldn't dake a leedle choke like dot."

---

## ALAS! POOR WIGGINS.

---

I T used to peen a saying if a pig guriosity came owid, 'Parnum should make a collection of it,' but py der chumping Chulius Zeeser, if Parnum ton'd of his rebudation dake gare Viggins vill sduff him choost like he done der rest der world. Vot vos of Viggins my brifate obinion? Vell, if it shall come along ortinary March vind und rain all der rest der vools vill py Viggins shwear; but if ve should haf less of a March as usual, bedher Viggins vent und make himselluf as leedle as bossible like dot Number Von Irishman vich der Nye Yorick reborters und der British Guffermend can'd find alretty.

"I vill to-night, yet, make a motion py der Benuckle Glub browiding dot if ve got a ball or bicnic, ve vait und see vot day comes some of Viggins's brifate sdorms along, und den ve shall settle on der same day for glear vedder."

## BUNCO MEN DISAPPOINTED.

---

DER Lort neffer makes a vool mitout daking care of him, choost as He does of dem leedle sbarrows vot gan't vall by der ground mitout He found it owid. Id vood been bedher for der goot name of dis gundry if der Yankee dhieves got away mit der money vich dot chackdonkey, Osgar Vilde, dook in from der Yankee vools, but dot could not pe, for Heffen dakes care of dem vich to dake care of demsellufs don't got some prains.

"A vool has got nine lifes and always lants on top of his feet.

"Dot vos a sensible dings vot der Marquis of Lorne und his wife done, alretty; getting brodection of a boddy guard of zoldiers to keep dem bunco men away. Bedher let der rest der Englishmen done der same dings ven they come py dis gundry."

The barber pronounced bunco "pung-go." He took advantage of the fact that his assistant was shampooing a man in a furthest corner of the room to tell this story:

"You know dot monkey parber py der negst shair always tresses so vine like der glerk py a hodel? Vell, he always done dot, efen ven he liffed mit his farder in Bennisylvania. Vonst he came py Nye Yorick on a leedle sbree, und he vos tressed poodiful. He ditn't know somedings apowd dem bunco vellers, any more as you somedings know apowd der negst Vort of Chuly. He vos going down der Powery ven comes up a man und says, 'Hello, Brown!'

"'I ton'd vos any Prown,' der parber sayt.

"'Vot, ain'd you Bob Brown I met in Hot Sbrings?'

"'No; I vos Chaky Arnemann of Bottstown, Bennisylvania,' der parber sayt.

"Py chimaneddy, in two minnids comes up a veller vich says, 'How you vos, Arnemann; und your sister Loweesa, how she

vos; und how gets along der olt man?' und he dolt dot parber more apowd Bottstown as der parber could found owid in sixty year.

"'My vrend,' dot parber sayt, 'I been oxdremely bleased to seen you, und sinz you know my vamily more bedher as I mine-zelluf, vill you please lent me seffen tollar und halb, for I haf peen on a sbree und ton'd got a cent left to get my home back again alretty.'

"He says dot bunco veller could mit a feather himselluf knock down."

## THE QUAIL MATCH DISCUSSED.

---

VELL! now we dalk apowd gwails—ain'd id? Dot gvail match inderests der boor beeples, alretty, pecause der man vot eads der gwails ton'd haf to bay for 'em. Dot oxicidemend in der bapers how must peen cooked der ganvas-pack tuck vos only for der amoosement of der rich, pecause der virst brinciple of a boor man's gooking such a dings like dot is dot he must sdeal der tuck. Und blendy boor beeples radher vood mitout der duck go than sdeal von. Some boor beeples peen choost so bardicular like dot. I haf many boor gustimers had yet alretty, und I nodice dot all der bardicular ones sday boor, like myselluf.

"I ton'd dink dot vos a sgware gvail match, pecause blendy beeples vood found it easier to ead dem gwails than to ead 'em und bay for 'em dergedder. Py chiminy! I vood like to get myselluf up a leedle match mit some rich chendleman. I ped I can effery tay dwenty-five class of peer trink for dwenty-five year if my packer zettles for der peer. I am bositif I could do dot if I should lif so long.

"If I should tie, dot vood peen a goot choke on der oder veller."

## CONSOLING TO POOR PEOPLE.

DER parber py der negst shair is so much a Nye Yorker alretty dot he gomplains apowd bretty near efferyding. I haf myselluf peen in so many gundries as you can shake at a sdick, bud I haf neffer such a grumpling beeples like der Nye Yorkers seen pefore.

"Dem gomplain all der vile, bud so gwick vôt somepoddys goes to do somedings, like Heinrich Pergh, right away der beeples call such vellers granks. Py chiminy hookey! dot monkey parber says der law vent py der tickens, und der gourts peen der private barlors of der rich. He says if dot vooman, vich tond some delegraph boles vant in her cellar blanted, shood tig up der sitevalk of der delegraph bresident, she vood mighty gwick to chail peen sent.

"He says he has read in a Cherman monkey baper, like *Buck*, von leedle choke: A farmer vent by a rich man und sayt, 'See here! your dog has my cow's leck peen biting. Vot shall peen done apowd dot?'

"'Oh, dot's noddings,' der rich man hat sayt, 'you can noddings done apowd dot py der law.'

"'Hold on!' der boor man sayt, 'I make of myselluf a misdake. My dog vos biting your cow.'

"'Crate Chulius Zeezer!' der rich man sayt, 'dot vos a deeferent dings! Vot der teffil gomes py a gundry if boor beeples must haf vicked togs to make drubbles py a chendleman's bropery?'

"I haf told dot parber dot I haf in dwendy gundries der zame dings vound owid. Der boor beeples got der gonsolation of knowing dot, if dem keep gwiet und behave demsellufs dem vill all to Heffen vent und peen habby."

## THE MONKEY BARBER AND THE SOCIALIST.

---

THE barber, as he bade the reporter sit up, and reached for the brush and comb, said that he had many Socialists for customers, and would not offend one for the world, but that he feared one had been offended.

"Dot monkey parber by der negst shair," he said, vos "choking away like a glown in der minstrels, und he sdarted to dell a sdory choost ven a Socialist comes der door insite. Vell, der parber had to go right away on und finish der sdory. Oh, my! Oh, my! I hope dot parber vill life a couple tousand years und get himselluf some prains."

"What was the story?"

"Der sdory vos how in Berlin effery Socialist must make acgwaintance mit von soldier und argue mit him, und so make Socialist der whole army already. So, in a peer cellar sits a sblendid pig soldier; and to him dem Socialists say: 'Vrend, if a riot comes owid, vood you shoot down your farder und broder und efferybody in der sdreeds?' 'No,' der soldier sayt at der top of his woice. 'Ha! ha!' dem Socialists hat sayt, 'He vos von of der doo of us togedder—von of—von of both of we'—how der dickens can you in English say von of ourselves togedder. I don't know. I chenerally sbeak English goot."

"One of us " said the reporter.

"'Ha! ha!' sayt dem Socialists, 'he is von of us togedder!' und they gafe him blendy peer und cigars. Py und py one Socialist says: 'Soldier, how it vos you would not shoot der beeples in der sdreed down?'

"'Pecause,' der soldier sayt, 'I pelong py der band.'"

You vill neffer der vater miss, alretty, undil der croceryman bure milk gifs you py misdake.

## PRISON LABOR.

---

**I**F you vant to found somedings owid, pedder you keeb a parber shop, alretty. A parber got himself more public opinion der insite of von tay as der Senators und Congress fellers der whole gundry tergedder in sex months found owid. Choost dake dot Sdade's brison invesdigation. Der bublic vich got itself shafed mit my shop ton'd care if dem brisoners been habby und gondented, or if dem got so much drubble like a von-legged man drying to get away from der society of a mat bull. I haf not von single pay rum gusdimer got vich vill sbeak apoud der subject. Dem hat sayt, 'if der brisoners ton'd like der pill of fare, maype dem vill eat at home negst dime dem got owid.'

"But it vos deeferunt apowd dot vich you call brison labor contractions. Py chiminy hooky ! blendy beople apowd dot got demsellufs somedings to say. Shall a brison make itselluf a hat factory und a shoe shop, und machinery peeznness, und gooking stofes? No, mine vriend ; dot vos a outrages. How shall der peeznness beople bay demsellufs goot vages, und goot brices sharge for hats und shoes und dings, alretty, if some feller got swelf-hundert brisoners at sixty cents a tay der same dings bro-  
ducing? Ain'd it?

"Oh, I vish dem Legislature gommittees vould invesdigate der parber shops und some information get demsellufs ! Dem vould found owid to make der brisoners broduce for demsellufs glothing und dings und learn der same time a drade all der vile.

"Der most a man can in Sing Sing learn is der vay to make der heel of a shoe, vile der negst man der putton holes is making, und yet ven he is doing dot he more drouble makes py society as if he should peen in der beacefulness und gwiet of bri-  
vate life, house preaking und vife peating und making pelieve prize fight all der vile.

## GEORGE WASHINGTON KROUT.

I CAN'D dell if I should peen ashamed of it or not, but I have some leedle boetry written alretty, vich I peen going to reat py der Benuckle Glub Suntay night. I am of dot glub der Bresident, und dem vill not pe mat, so long I set up blenty larker peer. Here vos der boem, vich I choost in a pig hurry dashed off—aber, bedween me und you tergedder, I vos afrait I vood vent grazly und tie of olt age pefore I der ent of it finished yet:

CHORGE VOSHINGTON KROUT.

I find dot der hardest dings vot is owit,  
 Vot makes my het ache choost like fun—  
 Is vot I shall done mit Chorge Voshington Krout  
 (Chorge Voshington Krout vos my son).  
 Of course, first glass schooling der poy's got to dome,  
 Mit biano bractice und trav'ling apout,  
 But vot sort of peeze shall I make of my son?  
 I sheak of Chorge Voshington Krout.

Blendy of glerchymen awful frauds peen,  
Und blendy peen poor as get owit ;  
Und if owit from a poy grops der poy's farder's sin,  
I would bitty dot glerchyman Krout.  
Lawyers peen made up of so many sorts,  
Und so few of der pest peen apout,  
I'm dinking I'll dry to away from der gourts  
Keep my son—dot's Chorge Voshington Krout.

Und soldiers pelong not to gundries like dis,  
Und sailors no fortunes make owit.  
Apout shafing ! Vell ef'ry man hates his own biz,  
Und von parber's enough by name Krout.  
In Vall Sdreet's a chance, but I'm scared of der blace,  
Und a prewery costs doo much owit.  
Py Chiminy Hor'ky ! dot peen a hart case—  
Vot to done mit Chorge Voshingtoo Krout.

Of course all der vile der brincibal ding  
Vot I got such oxidement apout  
Is vot peen most cerdain a million to pring  
By der negst cheneration of Krout.  
But he's only a year olt, alretty, choost now—  
So blease ef'ry glass embdy owid.  
Blendy dime comes from bodder, now ef'ry man trink :  
"Gesundheit ! Chorge Voshington Krout."

"Der monkey parber by der negst shair hat sayt he did not know uf I vos a boet or not—a man should not peen gondemned for choost a leedle slip like my boem. If he peen me und could make such a boem, he sayt, he would yet dake owid anoder lease of der parber shop. He says der most of der boets would peen clad if dem hat a parber shop to vent pack on."

PUGILISTS' PEACEFUL CAREERS.

---

IF I looked not like a chendleman so much, I vood peen a brize fighter dermorrow. A man by dis gundry makes of himselluf a vool to vork hart und sday boor ven he can a brize fighter peen, und got rich mitout doing somedings ad all. You dink vighting is bretty hard vork. Dot's choost der boint. Mit my gwick demper I haf dwice so much fighting done der lasd den year as any brize fighter vot is owid. I haf two gusdimers licked und von lantlord yet alretty.

"Dem brize fighters ton'd fight; dem all der vile dalk apoud fighting. Dwice a year some leedle young vellers vot got hired in some Pilly McClory place by der veek bunch each odher der sduffing owid, but der brincible vellers, like Mace und Sullivan und Ryan und Gopurn, dem tond come tergedder in fife years vonce alretty. Und uf dem did fight, like Sullivan and Ryan, not von gets a black nose or a ploody eye, aind id? But der two dergedder got chinmills und tiamonds und zealskin goats und bockets full of money.

"Py Chiminy Hooky! a virst-glass brize fighter vot can dalk a crate deal can such a gwiet life leat like a glerchyman. Choost look at der bapers yesterday. Dem der names brinted of more as a hundert brize fighters—von-half mit chinmills! So many brize fights haf not peen since dem vellers vos porn. Oh, vot a biddy I peen so vine-looking I got to sday py der parber peeze-ness!

"Der monkey parber by der negst shair got himselluf off vonce doo offen some voolishness. I am so mat at him I could bunch him in my eye. He dolt me right away in vront of a feefdeen-cent gusdimer dot he dinks I dalk more und traw dwice as much plood as any brize fighter out of chail.

"Der reason vich I ton'd discharge dot veller is pegause his dying farder bromised me I should dake gare of him."

## FREE TRADE AND PROTECTION.

---

CHOOST now comes in a blain-mitout-pay-rum gusdimer un dells me vot do I dink of Free Drade und Brodection. Py chimineddy! dot makes me gray. Some beeples are all ofer cheek like der City Hall glock. A first-glass Fourth affenoo parber oxbects mit a den-cent gusdimer to dalk apowd der vedder; mit pay rum he should oxbress obinions apowd der dings py der newsbapers, und such a dings like Relitchun und Free Drade must be gonfined to a hair cut und shampooon. A man must not his own peeze make upsite town.

"Vot I dolt dot veller? Vell, I bresented him mit a reckeler gromo of goot atvice.

"See here!" I hat sayt; 'you peen a vorkingman, aind id? Vell, den you make your mind up to somedings vot I dolt you. Der dalk apowd Brodection der vorkingman brodecting is all humpucks. Let dot owid of your ear vent mitout mit you prain indervering. Der goal miners und der iron vorkers und der mill hands of Fall Riffer und Gohoes und all such vellers, dem got Brodection undil dey tond got enough to ead und peen doo boor to sdrike for more. Der garpenders und brinders und blasderers und parbers, vot tond got some Brodection at all, dem all got bretty goot vages. Veneffer you hear a gapidalist or a bolidician apowd der vorkingman dalking, make up your mind he vos lying like der oil painding in front of a Powery museum. Und you can dell him I dolt you so; und I vill pet your money on it.'

"Py chiminy hooky!" I hat sayt, 'I cannot der whole of my prains gif away mit a blain shafe, but I vill dolt you von dings; choost look at der gonsdidution of der match peeze! Brodection has mate of dot von pig monoboly. You bay der Goffermend von million tollar und der matches vellers dree or four

millions, und yet if ve hat Free Drade all der matches would not so much as von million cost, und blendy brofit would vent mit 'em pesites.

"Py Chimineddy! I dink it vos bretty small berdadoes for der Goffermend to pe making owid of der boor beeples more money as it can get away mit, except in chobs und gorrupcion."

"Der monkey parber py der negst shair dalks apowd dot subchect, alretty.

"Sure!

"I dink he would not pe ashamed to mit der teffil arkue apowd sulphur. Py hooky! I would not for a tollar und a half such a chacktonkey peen.

"He says, dalking apowd Duty und Brodection, it vos der duty of der United Sdades to brodect der parbers from der Eye-talians, odervise ve all got in cellars for dree cents to shafe, mit von dowel und no Sundays owid!"

---

## UNCLE GOTTLIEB'S DEATH.

---

O H, mein Gott in himmel! do not ask me apowd dot teffil parber by der negst shair! He has alretty many dimes doo often blayed mit my chenerosidy. To-day, choost now, I haf got a ledder py him vere he says he must py der funeral of his ungle Gottlieb a whole day from his vork dook off. Oh, if I vos not pizzy so much I could gry for dot fool! He is a loaver und has got himselluf not at all some shame."

"Is his uncle not dead then?"

"Chulius Zeeser, yes. I haf myselluf vent a year ago py der funeral of his ungle Gottlieb, und he forgets myselluf und vood throw vool owid of my eyes und make dot ungle dwice dead alretty."

## IS IT A CRIME TO BE A WOMAN?

**F**IX a leedle dem razors up," said the barber to his assistant, who, by the way, paid no attention to him.

"Vell, Mrs. Plake has asked us, 'Vos it a grime to peen a voman?' I ton'd see how can ve effer settle dot. It debends on vich voman ve sbeak apowd. Der same dings vich would a grime peen in a homely voman is only choost a leedle egcendricity in a mocknificent brize beauty."

"If it vos a grime to be a voman, vot a heap of it is laying around, und how nice it is, chenerally sbeaking," said the assistant.

"Dit you not hear me? I hat sayt fix a leedle dem razors up," said the barber. "Now, all dot dalk apowd go-education of dem sexes makes leedle ovid, pecause it is only der rich vot got a shance at it. Der machority der poys und girls haf

to drust to common sense und get education along mit small vages und hart vork, py hooky. As for peing afrait of a young voman's morals, if she ain't afrait apowd 'em herself vot's der use of somepoddy else peing afrait for her. Pedder der girls should a leedle education got for daking care of demsellufs, so dem vill got der hang of it ven der dime comes."

"I vos co-educated a liddle vile ven I peen a kid py Chermany," the assistant remarked.

"Dit you fix dem razors so quick alretty?"

"I say I vos co-educated a liddle, yet. Poys und girls sat among demselfs together, py der same room, und it vos bunishment for a poy to sit a girl alongsite. Effer since I found dot owid I haf peen bunishing myself an averitch of dwice a week. I lofe der vimmen, und it prakes me all to bieces up ven I dink only von of dem can lofe me at a dime. Oh, I hat such a nice Sunday girl all der vinter. In der parber peeze we haf der whole of Sunday night owid from der shop away, und so Sunday night is der dime for our pest girl. She vos rich und I vos after her like sixty. I used to meet her somedimes py Voshington's Market in der mornings und sit mit her votching der sun rise from her farder's vegetable vagon. Efferyding vent along pully oxcepting a week pack of last Sunday, ven I had a dalk mit her olt man. Ve disagreed apowd how der marritch peeze should peen berformed. I vonted to haf it von vay, und he breffered a deefrent blan.

"You and he hold different religious beliefs, evidently," the reporter said.

"Vell, not choost exactly. My blan vos to marry his gal, und he vonted me to marry some udder gal, he didn't seem to care vich."

"Now, my poy," said the proprietor, not unkindly, "choost dink how deeferunt dis chendlemans vould haf of you his obinion uf you had fixed a leedle dem razors up."

ON A SUNDAY SUBJECT.

---

SUCH a Cherman parber vot on Sunday shafes owid of sbite of der benal gode tond got a great deal peezeness for to dalk apowd religion; but somedimes my mout vill shoot off if I can helb it or not. A goot many gusdimers peen dalking apowd dot glerchyman py der Fift affenoo vich peen owit of der Pible knocking spots. Some of dem gusdimers peen bleased mit dot, alretty, bardickler der Chews und der Catholics, und all vot tond got der same religion vot der glerchyman pelongs to.

"Dot vos a beculiar dings. If a man got blendy money und a good vife und horse und vaggon, he tond care how many beople got some more dings choost der same; but so soon a man got himself a bretty goot religion vot suits him he vos mad like der tickens at vot der rest der beeples got bleased mit.

"Und py chiminy hooky! Dem vellers vot make pelief dem tond anydings pelief, dem peen choost like a spin-veel on der Fourt of Chuly—dem plaze away all around.

"I peen surprised dot such breaching should dook blace. I had subbosod blendy beople could outside der churches peen found, like Pob Ingersoll, to make owid of der Pible foolishness, mitout such bowerful Fifth affenoo assisdance of der glerchy.

"I dink religion tond vos like a pig hile of sdone, away from vich dis feller und dot can a few armfuls dook away. Religion peen choost like a dose medicine. If you tond der whole ding swallow down it tond do you some goot, at all. It is choost such a dings like a railrote. You dake away von leedle biece of der drack from der piggest der drunk lines away, und you sboil der whole peezeness.

"Maybe some beople so leedle religion got dem vood not miss vot dem can drow away.

"Look at it owit of a peezeness boint of view—shall a breacher dake from his own mout his pred und pudder, und der same dime der pred und pudder der endire brofession? Py chiminy hooky! der only dings I can account for it mit is dot you can many dings py Murray Hill do und peen a goot veller. But if you should der same dings tone by der Goober's Institute you vould make yourselluf sorry aftervorts.

## WHISKEY AND CROTON.

**C**HOOST now ve much oxcitement got apout viskey und vorter, a couple dings vich got vasted more py Nye Yorick as in der whole world any blace. Von barty of beople dink ve should a pigger Groton Aqueduct subbly ourselves, und another barty of chendlemen dink ve should less viskey haf.

"I peen a Cherman, already, so I gount myself outsite from der disbute. Der first brinciples of a Cherman is blendy larker peer. Dem dink vorter und viskey bote of dem peen pad.

"But, py der chumping Chimaneddy! ven der chendlemen vot got der viskey on der prain shall von chin mill in four glose up, apout dot dime I vill dry my scrubles against chin mill keeping to ofercome, und go in der peeze minezself. Dem chin mill vellers make already more money as dem know vot dem can do apoud it. Vot vill dem make if dree saloons out of effery four peen shut up? Py Chiminy Hooky, der panks und der pank gashiers vill a beck seat haf to dake. But—I peen afrait, afder dem blaces peen glosed, der site doors v u pe open yet already."

## OTHER PEOPLE'S MONEY.

**A** GOOT many nice chendlemen haf ladely peen short in somepody else's accounts, aind it? Vot I dink is, how many glerks vich haf der mony of Dock Debartments und viddow laties peen empezzling are now vaiting to peen found out yet? Vot do dem chendlemen do ven dem reat apout dem other chendlemen vich got demzelves found out? Do dem chump der dock off? Do dem redire und take a back pew in der churches vhere dem are always deacons und highgockalorums? No, my vrend. Py chiminy! dem choost a leedle more dake away of dot money vich dem ton'd pelong to und blace it in a pig hole out Vest or on a sure ding py Vall Sdreet. In Vall Sdreet peen all per vile sure dings. Blenty boor teffils found dot out. Dot's vot Vall Sdreet is on burbose for."

ON SEVERAL TOPICS.

---

DER news in der bapers und in der parber shops is all der dime choost der same. It's brincipally about der Irish fife days in der week. Somedimes der golera, a murder, an election, or a high doned sdade of affairs in der Union Glub preaks owid, und Ireland gets growded by one gorner. Bud right away it preaks owid some more alretty, und for a veek or dwo id vos all Irelant. Der Newhall House fire in Milvorkee growded owid der Irish dis veek. Py chima-neddy, dot vos a pig oxsidemend, aind it?

"I haf seen by a leedle down in Chermany a pig house afire. Drying mit oil to vill a purning lamp vos der considution of it. Der vlames chumped der whole house insite, und der poy ran for der purgomaster. In der old gundry you haf der purgomaster to find, pegause he der key by der enchine house keeks. He vos oudside by der gundry, but py und py der poy vound him. After dot der merchants, vich to der enchine gumpany pelong, vent home und put on der pig helmets und dings vich must be vorn at a fire. Negst, der machines vos py der vire trag alretty, und der beeples vent und got owid der pig vorter parrels on veels, but der sdreeds vos so rough der vorter bretty near all sbilled owid. Py dot dime der house vos burned down, und efferybody had so much drouble for nodding.

"Vell, you dink dot vos breddy pad, aind it? My goot vrend, id vos more pedder for human life in der olt gundry than it peen by Nye Yorick. Der beeples tond got such a craze for insurance ofer dere, und fires aind so gommon. Der pilders must go to chail choost like der rest der scoundrels, if dem dry to make insurance dake der blace of bricks und mordar.

"Here, mit a leedle money und a pig morkage, der valls go up, und der garpenders und masons keep gwied und spik in a

visper for fear der house vill pefore it is finished fall down. After dot it is vell insured, und, in den years, der lanlort says, 'I haf got dwice owid of it vot it gost, und it is olt fashioned now. I vood not purn it down, but it wood pe a bardickler favor if Broffidence vill set fire to it.'

"Ven a man has such a faith in Broffidence like dot he can zet fire to mountains.

"Insurance is doo much of a goot dings. Dond you dink if ve coot vix it so dot any man vot got der tirlirium chim-chams should come owid richer than he vent in dot der chim-chams vood pe right away more gommon alretty? Vell, I should pet your sved life!

"Der parber by der negst shair says dot der chief ent of a vooman used to be marritch, but efder dot gase in Prooklyn\* der chief dings vill pe preaches of bromise. I dink he peen a leedle mat apowd dot gase. I nodice dot all der vot you gall 'goot vellers' peen oxsided und dink der gundry vent mit der teffle alretty. Dem say, 'Drial of a chury is blayed owid.' Dot werdick vill vent into der homes of all der goot vellers der gundry around.

"Py Shiminy Hooky! dot vos a pully ding, to see dem churors peen so chenerous mit dot gal. Dem can'd pe plamed. Der shanses of der ortinary churor to sbend like dot der money of a millionaire come only vonce a dousand lifedimes. I hobe dot girl knows of some boor but in a cheneral vay honest young veller vich she can gif dot money to und marry und zettle town. She neet not of any more preach of bromise vellers pe afrait.

"Efder dis, if a rich man bromises some vimmen anyding, no madder how voolish, he vill done his pest apowd id if he hat to marry fife of 'em tergedder."

## LAGER BEER A LOVELY THING.

I AM Bresident der Benuckle Glub, Segretary der Bretzel Glub, und high brivate in a Blat-deutsche glub und a schützen glub, und a singing glub, und a fishing glub—I dink dot vos all der glubs I pelong mit. Dot vos a lie vot there is a Cherman glub for effery Cherman in der city. Der Chermans so much to glubs pelong peacause a man can his larker peer at wholesale brices get in dot vay, instead of fife cents a glass. You don't like so much peer already. Mine vrend, I bitty you. Larker peer is the lofeliest dings vot is owid!

"Ven a man has shafed und shafed undil he dinks he vos a sdeam shafing machine, und must go right away home und shafe his vife und children und den shafe some more, already, in his treams, und get up early und shafe again his gustimers, he

choost dakes a couple tozen classes peer und he dinks he vos der Brince of Vall Sdreet. His vife looks by his eyes so pootiful like an angel mitout some vings, und he vakes her up in der ped und says :

“ ‘Haf you, doo, some larker peer peen trinking?’

“Maype she says ‘No,’ und vos ankry mit him.

“Does such a man make der dable ofer upsit town mit his foot und baint dot angel’s eye mit der boker (like der man der first floor vere I liff vich visky trinks)? No, my vrend, he choost says :

“ ‘All right ! Dot vos goot. I have for bote of us blenty larker trank.’ ”

### CRAZY FOR A PENSION.

**D**ER monkey-parber py der negst shair peen grazzy for a bension. He says it was guite der fashion to got yourselluf such a dings. He hat sayt a friend of his hat from der East Riffer der daughter of a bolidician bulled owit.

“ ‘Dot makes me oxtremely sad’ her farder sayt, ‘dot I haf mit me only hundert tollar got.’ If you dink my daughter vos vort more as dot I vill not mit such a driffe insuld you. I vill get you der bension of a nafy gaptain for a callant action py der high seas.’

“Der young feller hat sayt he should dink dot vos not oxtactly honesd.

“ ‘Ach humbucks !’ der bolidician hat sayt ; ‘der Guffermunt is drowing bensions around like der bieces of der sdeam heading bipes py Nassau Sdreet.. Pedder you dake von else it might be to some imbropper person giffen.’ ”

## WHERE WAS LOUISA BORN?

O H, der very subchect of dot monkey parber py der negst shair makes me sick out of my sdummick. He has yet vonce more again mate all der gusdimers mad. He sdarted apout a week behind yesterday to gif away a new gonundrum:

" 'My aunts und uncles,' he hat sayt, 'all haf novhere else lived oxcept Chermany und New Yorick, yet my cousin Loweesa vos porn not in New Yorick, not in Chermany, und not py der ocean already. How could dot peen?'

" Vell, dot made out der greatest excidement. Blendy gusdimers sayt she vos in Belgium porn, und France, und Holland, und Danemark, und Hopoken, und New Chersey, on der vay from Chermany coming ofer. But dot foolish parber he sayt 'No,' 'No,' 'No,' 'No,' every dime choost der same. Bretty quick he wrote dose dings out und bosted 'em der site of der vall:

" HOW CAN SUCH A DINGS PEEN?

" My aunts und uncles all peen born (und lived der whole of their lives out) py Chermany und New Yorick. Aber mine cousin Loweesa vos porn not in Chermany. not py New Yorick, und not on der ocean yet.

" It vos easy ven you found him out.

" My colly! such a oxcidement you neffer vood dink of. Vise olt men und young smarty vellers, dem all grazzy vent, und I minezelf, forgot minezelf und sayt: maype she vos in der harpor py New Yorick porn, or a Hopoken ferryboat inside. But 'No, no, no,' der monkey parber noding else vood sayt. To-day he hat bromised to bost up der exblanation, und there you can see vot it vos:

" I HAF GOT ME NO COUSIN LOWEESA.

" Such a pig lummix of a grazzy fool as dot—de dires away my batience out."

## THE VANDERBILT BALL.

---

I SEE von of der Wanderpilts has a pig pall giffen. It vos under der brodection uf der same bolice vich vill glub owid uf you und me der sduffing, but vich if Chay Gould should vant to catch der writer of some voolish ledders, alretty, der whole department vill knock off der vork uf addending to der city und vill look endirely afder Chay Gould's affairs.

"Chiminy hooky! dot vos vorth a dollar und a haf choost to loot at dot pall. I vos asdonished at not nodicing any uf der bicturesque gosdumes of der vorking beople. Dem would haf looked pully prushing against der kings und brinces und dings, but I subbose nopoddy would care to put on der glothes uf laporers und meganics fur fear all dem bolicemen would fall on 'em und glub 'em undil dere would peen only heaps of glothes und a few ploodsdains der sitevalk owitsite.

"I see dem hat Mr. Deffil und Mrs. Deffil in der growt. Dot's der first I effer heard uf Mrs. Deffil, but I always suspected it. Uf you see a man gitting along so goot like der deffil you can most der dime peen sure he has got a vife to helb him, und uf you hear beople say, 'I bed you dere is a voman py der poddom of it,' you can make owit your mind dem are apoud some sort of deffiltry sheaking.

"Some of my feeftdeen cent gusdimers make dem noses der dop of der foreheads und say, 'Ach! dem Wanderpilts ton'd peen in der virst glass sociedy! Dem vos vorking beople feeftdy year ago.' I notice a goot deal of der virst glass sociedy shneaked into dot pall, und afder dot per rest pedder fall in line or dem vill got left.

"High-tonedness und plue plood go a pig vay if you ton'd got anydings else, but der hart cash vill garry you farder as der bote of 'em tergedder."

## ADVICE TO QUEEN VICTORIA.

○ H, oh! Der Ing-lish Gufferment is not bleased mit der vay ve do our dalking ofer here since dem got shooken a leedle py dynarnite up. Vell, now, how shtupid dot vos. Dem should not fighting dalk use efder der dwice oxberience dem haf hat, ven ve peen even more younger und less healthier as at bresent.

"Vot do ve care for der vide, vide world? It used to peen Hamilton Fish vich vos of somepoddy afrait. He used his head to hide, und forget vot he vos leafing der rest of us exposed to peen laughed at. But der rest of us, vile breferring beace (or choost as much beace as ve can in der same vorit alongsite Europe get) are der same dime not agoing to dake a pehind seat vile some of der orchestra shairs are py a lot of blayed owid kings und brinces occubied.

"Py chiminy hooky! I subbose if I should a friendly ledder of atwice to Gween Wictoria write she would probably not found it owid. Some nople chack donkey would put it on a shovel und blace it for a veek or two a bail of vorter insite. Eftervorts he vould get some Irishman to see if it vould vent off or not. Py kolly, I dink dose noplemen py Europe veneffer dem dook a sqvare meal must keep a leedle shtill und vait for their stomachs to pust up, alretty. Instet of drying to make shut our mouts, more bedder some dem vellers hear some blain American dalk. Dem vill peen sure to got some goot atwice. Der common beople of any civilized goundry could gif 'em in a few vords more as dem could sallow in a year.

"I am an American, py chimaneddy (owitsite of der lang-witch) und I dink ve should all stand off und see fair blay in Europe und gif to whoever needs it goot atwice.

"Eighteen hundret eighdy-dree is der brifate broperty of der common beople, und kings und brinces must keep hants off und let der beople manage vot pelongs to 'em. Der drouble is, it dakes some dynamite to get a leedle dings like dot der head of a king insite. I haf peen alvays bleased mit der gween, und vould not der olt laty sharge a cent for half an hour of confersation mit her.

"Der monkey parber py der negst shair hat sayt if he could der oxbenses affort, und if he vould peen sure he could pring himself owitsite of a coffin pack again, he vould to Europe vent und say 'BOO!' chust to see all der kings und brinces chump."

## THE TRUTH ABOUT THE IRISH QUESTION.

**S**UBBOSE a chendleman should effery tay bead his vife und her screams should make oxsidement uf der neighborhood ; uf course der vooman's reladifs vould at dot chendleman write insulding ledders, und some of der neighbors vould oxbress symbathy mit der boor vooman by hart vords or sdone or such dings. Dot habbens effery tay. Dot vi e-beading chendleman is Ing-land und dot sgreaming vife is Irelant. Der reladifs peen der Irish in America, und der neighbors peen der American beople chenerally.

"Ven Ing-land gomblains of vot is sayt und done ofer here ve should gry back, 'Shdop beading your vife—you gread pig pully ; shdop beading your vife!' Ven Chermany und Ausdria say like dem did last veek, dem hobe der Americans blease sdop der free sbeech und money raising und dynamite und such dings

on account dot is making owit of Irelant an unbleasant example py der rest of Eurobe, ve must gry back, 'Make Ing-lant sdop beading his wif.'

"Py shiminy hooky! der grownded vooden heads uf Eurobe aind pegun to see vot a noosance and drouble America vill peen to her yet hereafter alretty.

"Eurobe is like a leedle willage of apowd dwendy olt families combosed, und all dem families haf doo pig grown for der original farms und shlopped ofer into America a growd of reladifs. Der guffermend of dot willage is a lot of kings und gweens vich are a back of loavers vot lif on der olt families, und der same dime dreat 'em like der teffil. A delegraph gable uf symbathy is lait der poddom uf der ocean under, und ven a plow is at liberdy sdruck der oder site, you vill hear der sgreams uf der reladifs in America, choost as ven you bress der button on von ent of a delegraph vire you hear der gonselgwences py der oder ent. Der faindesd gry for hellup vill peen answered here right away, mit money bublicly, und brifately a leedle dynamide, berhaps.

"Und ven der kings und gweens gomblain, dem should always der same answer get: 'Der drouble is not here alretty. It's on your site uf der pig swimming bond. - Don't gomblain of der echo. You vill not hear it if you sdop der orichinal noise.'

"Dot monkey barber py der negst shair, he says 'der Irish gwestion looks like it vill soon peen zettled if all der Chenerals py der batriot army come to dis gundry und all der high brifates git locked mit der Pritish chails up.'

"Der idea of such a monkey feller drying to dackle such a pig subchect is as much foolishness as if a von-eyed man should dry to see der bote sites of himselluf tergedder. His olt farder says he is like der shmard Cherman poy vich vent to burchase a horse away from a Chew. 'I know how to told a goot horse,' he sayt; 'all vot has got to peen done is to look at his deeth.' Der Chew a horse prought owid vich perfect deeth had; and svore peside der grave of his farder der animal peen choost as sound as der olt-fashioned fife-cent bieces. Der shmard poy baid der brice und der horse dook away, but ven his farder saw him he gried owid, 'Vy dot horse has only dree legs got.'

"Py Shimminy Hooky! der poy hat sayt, 'I forgot to gount his legs.'"

## LIVING ON TEN DOLLARS A WEEK.

CHOOST ven I found owid how to spik English goot und obened dis shop, in comes more as dousand beeples vich vont to know abowd Dom Gollins. (Vell, I don't unterstant dot choke yet, alretty.) Now comes effery tay somepoddly in und says 'vot I dink of Chames Short.\* For dree tays I dink he peen such a humbuck veller like Gollins, und I chust keep shut my moud und say noddings, except mit bardickler vrends. Dem dolt me who dot Short vos.

"Py chiminy! he oughder vend und chump der Prooklyn Pridge off. Und if dot ton'd kill him he oughder lif py der Macaronis in Grosby street, vere is full poard, sex cents a tay—von full swelf-inch poard for each Macaroni, mit vind budding und second-hant larker for Sunday tinner.

"Do I ton'd pelief a man can a veek on den tollars lif. Vy, blendy beople lif on sex und seffen tollar—und bretty near der half of Dutchtown vood peen clad to haf den tollars. Py chiminy! You und me been chents togedder, I vill dell you I minezelluf haf on swelf tollar like a brince peen lifing—but must dot be mate owid blain in a letter to der vorld?

"Mine vrend, a meganic can his vingers snap insite der face of der boss und say, 'Zee here! I cot a goit vatch und a vife, so oxbensive like der chills und vefer, und I effery night to der deatre go, und I ead der pest vich is owid, und I vash it town mit vine.' Und der boss musd say, 'Dot is goot; enchoy your-zelluf. Ve get along dergedder, vine.' But der laporing man, der pookkeeber, der gounter-shumper, und der sewing girls! Mein Gott! vot vill pegome of dem if such a rasgal veller like Short can shoot himzelluf his mout off?

---

\* Mr. James Short's account of how he and his wife managed housekeeping on ten dollars a week, which was published in the *Sun* last winter, attracted wide attention.

---

"Subbose von embloyer is eading py Telmonico's a tinner vich gosts so much as he bays his glerk a whole veek to lif, und as he trains der lasd pottle he reats apowd dot Short veller. 'So hellup me, Moses!' he says, 'I peen svintled. I haf baid dot glerk swelf tollar, und here gits along a glerk py den tollar—und safes money, doo. Py chimanetty! der whole ding is roppery.'

"Dot is der vay peezeness is done.

"Der parber py der negst shair always galls Short 'Miser Short-vait!' Dot is der pest choke owid. Dot parber says he is dwice like dot vool; he gets den tollar und he peen always short. He says der end py each veek he is so boor (mit benuckle, und peer, und bardies, und palls), he gets Vriday und Sadurty only dwo meals—tried abbles in der morning und blendy vorter for der zecond meal."

---

## BAD CIGARS.

---

○ H, vy does not somepoddy effer gif anypoddy a goot cigar? Can it pe dot der smokers to der cigar man always say, "Blease gif to me two for a quarter cigars for myselluf, and two for one cent to gif my vrends away?" A goot cigar can make a man to his vife's mutter sbeak bolitely; but such a cigar vot your vrend gifs you is more vorser as a bimple on your nose.

"So hellup me gracious, dot monkey parber py der negst shair says dot vos der only kind you can in der old goundry get. He says there vos, in Preslau, a factory of 'em purned down. Der house vent up mit fire; der pig peams und der valls und der boxes all peen consumed, but der cigars been found as natural as life. Dem vood not purn."

## THE SECRET OF HAPPY WEDDED LIFE.

---

MARRIAGE is der best ding owit. But ven der time comes to make your feet down, then you must make 'em down right away quick. Yoost see how it was by me minezself. I vos doo or dree veeks marit ven I trow der dable, mit all der dings by it right away der shtaircase down. I told you how dot was.

"I vos marrit by a vomans only seventeen year olt, vot got so much nonzense in her, like all der other vimmins. Ve lif by dree rooms of a denement house in St. Mark's blace. Py und py right away there comes some fat women (maybe some been Irish, maybe some peen Tutch—dot makes noding out. Some of dem denement vimmen peen all lasy shoost der zame). I vind 'em by my house, und a friend of mine he sayt, 'Bedder you look owid; dem makes der dickens by your house. Some dime you don'd got your dinner und all der tay your vife is trinking peer.' So I keeps me mine eye ow-id. I zeen dot, yoost vot mine friend hat set.

"Von tay I vos smard like everyding, und I vent aroud py Dombkins square und got me my house behind der wrong vay in. I glimb up so shtill like a mouce. Der kitchen comes in der dop of stairs; in der front ist der tining room, mit der tark bedroom der mittle. I open der door soft like der mischief, und I shtand in der pedroom und peep in der tining room mitout saying anydings. I zee my neighbor voman by der next door, two of dem fat vimmen from town stairs, mine vife und dwo qvarts of peer on der dable togedder. I don't say sometings all der vile, but yoost keep quied like everyding.

"'Dot vos a shame,' der neighbor voman had sayt; 'dot vos a shame vot you hat ter done all der vashing all mit yourself.'

"'Yes; I dink dot's zo,' mine vife hat said.

---

"‘I vood make him got a voomans to done it,’ der neighbor vooman said.

"Den I was mad like a house afire, but I don’t say somedings. I yoost keep shtill.

"‘I tolt you vot you done,’ said von of der fat vimmen. Some day you don’t got any dinner vor your husband, und ven he wants to know vot vos der metter vot he don’t got himself his dinner, den you say mit him, vell, I can’t do everydings. I can vosh der glothes, but I can’t gook der tinner already. Dot’s vot you say. You got to pind your husband down——’

"By shiminy hooky! Then I was mad like ter teffil, und I yoost shoomp in by dem vimmen mit my stick and in two minutes I have knocked out six vinder glasses and make von vooman’s eye blue her whole face down. Der drie vimmen ran down der shtairs, and mine vife climbed der roof out, und I dook up der dable mit der glass and grockery tergedder und I vling ‘em down der shtairs by dem vimmen.

"Afder I make dot right by der boliceman, und he says vot I done yoost der zame vot he done if I vos himzelf, then I don’t come by der house for drie days, und after that I moofe away from dem blaces, und I got so good a vife as der peen in der gountry.

"Der barber von der next schair—he is der feller vich makes all der while nigger chokes like a glown from a circus—he had said ‘a man peen a fool to look out for beauty and form from a vife, but a man been also a chackdonkey if he finds fault mit a vife that she has got some money. Such a poor man vot can marry a rich vooman ought to peen paid for his shmartness.’

"Somedimes I dink I shall burst my sites outside in mit laughing at that barber."

### A STORY BEHIND THE BOSS'S BACK.

HELLO, young veller," said the Monkey Barber in the shop near the Cooper Institute. "I peen der poss here now. Der olt man has got a proken chaw."

"How on earth did he break it?"

"Oh, it vosn't mit himselluf he proke it. If he could done dot he vould long ago haf proken it dalking. Der olt man vos dalking like he always done, choost as if his tongue vos drying to make a fool of his prains. Dot vos der afdernoon packvords of lasd Duesday. He mate chokes apoud der garpenders und shoemakers und such dings. Bresendly der lasd gusdimer—a fearful pig Irishman—got into der shair me und der poss der mittle pedween.

" 'Oi say, barber,' he hat sayt, 'you've a way av spakin' yer moind right out, so ye have.'

" 'I chenerally sbeak blain English,' der poss hat sayt.

" 'Oi wud loike fer ter git yer opinion on the tailors.'

" 'So-o-o?' sayt der poss, as simble as a pilly goat driffing mit a backage of tynamite; 'I can some pully chokes rememper apowd der dailors. Ve used to say py Chermany a goot, heldthy dailor ought to veigh ninedeen bounds, und should not peen avraid to vent owid on a vindy day mitout daking his goose along to keeb him from plowing away.'

" 'Can't you think av e'er anudther joke upon the tailors?'

" 'Vell, yes,' der poss hat sayt; 'dere used to peen a sdory of vonce upon a dime ven der dailors all used to sit der mittle of der floor und vork, but von mornig a shdupid serfant girl swept von of 'em into a dust ban und vlung him der ash parrel insite vere he vos suffogated. Sinz dot dime der dailors haf sat always der dop of a dable, owid of der way of der prooms.'

" 'Well, sorr,' der pig Irishman sayt in a voice more louter as der dooting of a logomotif, 'me name is McNulty, the Bowery tailor, an' whin you git troo shaving me Oi intend fer ter knock th' everlasting dayloights out av ye, and Oi'll give yez notice yer can sind out fer all d'uther Dootchmin yez can foind an' Oi'll polish the whole av 'em to the Quane's taste, so Oi will.'

" 'Vell, dot vos frightful. Der poss he drempled like der dracks of der elefated railrote, und he hat sayt to me in a visper, 'Chaky, my poy, I haf put der dwo of mine feet in it dot dime. Ain'd you sorry for der olt man?' I bressed his hant in silence mitout sbeaking von vord.

" 'An' ma-ark moi wurruds,' sayt dot gusdimer, 'if you lave the soign av a scratch on me face wid yer razor, yer saurcrou-ating, jaw-twisting, beer-guzzling, lathering, haythen divil, Oi'll lick yez fust an' make yez shave me afther.'

" 'Chaky,' der poss vispered, 'I vish you could dink of vot der deffil I shall done.'

“‘There’s been altergither tew much Dutch goin’ on in the city,’ dot Irishman sayt. ‘It’s got fer ter be a n-yuisance an’ it’s got fer ter be reggerlatid.’

“‘Shall I make myselluf der bleasure to put on your het a leedle oil, sir?’ der poss sayt, choost as bolite as if he vos sbeaking to some laty owitsite of his vife.

“‘Yez’ll put ile on me head an’ the bist yez have, an’ plinty of it, an’ yez’ll d’up me hair in the Fifth avenoo stoyle, wid bangs an’ dashboords foreninst me ears, an’ a pa-art behoind, an’ Loo-ey Boney-pa-art waxt inds to me musstash; an’ bay rum, an’ powdher, an’ allim wather, an’ pomaytum, an’ all uv the bist, that Oi may luk foine whoilst Oi’m afther payin’ yez fer yer Dutch blab wid me chew fists and fate. D’ye moind that, ye g-yarlic-stuffing, limburger devourin baboon?’

“‘Chaky,’ der poss vispered, ‘vent right away owid und gollar a boleeceman vich vill safe der bote of our lifes. Get an Irish boleeceman, Chaky; dem haf got der science of der boleeece peezy-ness down finer, und dem get to vork more quicker as der Cherman vons.’

“Vell, to make shortness owid of a long sdory, I vent und ditn’t find a boleecemen insite of dwo miles, und ven I got beck der olt man vos hanging droo der beck vinder sash, his legs der shop insite und his head in der beck yard. He vill peen sick more as a monnth.”

Just as the reporter had finished brushing his coat the proprietor ran briskly down the steps in to the shop, showing not a sign of the ill-treatment he was credited with having received.

“Py chiminy! You are quick owid,” said the assistant, and dashed up the stairs.

“Gwick owid,” said the proprietor; “I hope dot monkey parber has not peen ledding himselluf from his imatchination loose. Der only dings I peen gwick owid of is feefdy cents I choost lost insite of dwendy minutes py benuckle in der saloon der sdreet agross.”

### THE MONKEY BARBER LAID OUT.

THE monkey barber is lait up from fooling mit an Ing-lish choke—dot kind of a rittle vere von vord means choost der same und also someding deefrent, alretty.

“Dere comes in a man und to me says:

“‘You peen marrit, ain’t it?’

“‘Yes,’ I says, ‘a leedle, vonce.’

“‘Vell,’ he says, ‘ven is your vife not a lady half der dime?’

“Vell, now, I peen pizzy too much to vaste much dalk on such nicker minsdrel dings, so I says, ‘I gif it right away.’

“‘You vife is in der day time a lady,’ says he, ‘but not at night, pecause effery night she is a-bed.’

“Dot monkey parber he had to vent und fool mit dot choke. He goes right away ofer to der peer saloon und sees der enchi-neer from der corner aound, und says to him, ‘Your vife is no laty, und I can broof it.’

“Dot chendleman he vent on choost like a bile-drifer, und chumped on der parber’s negk und chucked him aound undil der parber vos in four or fife blaces at vonce. He sent for me, und so soon I reckernized him I sayt:

“‘Ah, ha! I dolt you so. If you fool yourself mit some purns you peen sure to gatch fire.’”
